Straight-Rail Gate

PROTECT WHAT MATTERS MOST

Protect personnel with EdgeGard[™] Dock Gates from Wildeck.

Wildeck's EdgeGard[™] Gates, superior by design and easy to install, help protect personnel from falling off wide truck pits and loading docks. The unique Folding-Rail Gate protects wider openings up to 12 ft., while minimizing the required gate clearance height. The Straight-Rail Gate easily handles standard openings up to 10 ft.

Say **YES** to loading dock safety and **NO** to lost time accidents. Contact your Wildeck representative today to help you protect what matters most.
