

ELEVATE YOUR STANDARDS

For Safety and Protection

When your top concern is for barrier protection of pedestrians, products, or equipment, the Wilgard® Railing System is designed for you.

The system provides easy-to-see protection for a safer, more efficient working environment.

- ▶ Reduce downtime for equipment and manpower
- ▶ Cut workers' compensation claims
- ▶ Protect equipment and shield personnel

Specifications:

Rails - Corrugated 11 gauge steel

Columns - 5" x 5" x 3/16" wall structural tubing
