Retail Store Back Room Solutions

How can you maximize space...

Ask Wildeck

- Is your retail back room shrinking?
- Are you working to get more out of less?
- Do you need better utilization of your available space?

Retail Operations that Can Benefit from Wildeck Material Handling Solutions

- Department Stores
- Variety Stores
- Grocery Stores
- Clothing Retailers
- Home Furnishings
- Discount Stores
- Convenience Stores
- Drug Stores
- Specialty Retailers
- Consumer Electronics

... and Many More

STORING

Mezzanines

A Mezzanine is a free standing steel structure that increases back room product storage capacity. Mezzanines can provide valuable floor space for a range of uses including storage or offices.

Federated Logistics and Operations, serving **Bloomingdales** and **Macys**, utilized Wildeck mezzanines to free up precious floor space.

Lifts simplify moving awkward and heavy items to the mezzanine level

Use lifts and stairs to easily access the mezzanine level

LIFTING

VRC (Vertical Reciprocating Conveyor)

A Wildeck VRC effortlessly and safely transports goods to a second level with easy access to all levels. This is the perfect solution for heavy, awkward items or frequent loads.

VRC material lifts provide a huge benefit by decreasing the time it takes to put away stock.

Specify a Wildeck VRC today to increase the efficient use of space in storage rooms while safely transporting goods (Riders not permitted).

ArmorCar™ Carriage
Safe • Durable • Smart

Lifts easily integrate into an existing facility

GUARDING

Safety Products

Wildeck Guarding Products protect people and equipment from fork trucks and cart traffic in loading zones, areas with shelving, and pedestrian walkways.

Guard Rail with Safety Gate

Harley Davidson installed Wildeck barriers to protect racks and stock to minimize damage, injury and downtime.

Safety Bollards

Delta™ VRC

Turnkey Capability and Combined Solutions

Whatever it takes - Wildeck remains committed to providing complete solutions for the optimum utilization of your back room retail space. **Lands' End** utilized Wildeck's turnkey capability - from initial consultation and design, to fabrication and installation - for an integrated mezzanine and VRC system that provides quick and efficient access to their products.

Combined Mezzanine Solution with VRC Material Lift
